

13 Apr 05: Welcome

If you have not yet visited our Chaplain's page, John has posted a Prayer request for Jack Northridge who is battling cancer. There is also a standing Prayer request for our troops abroad, and John has provided a quarterly update to his lessons from life.

I have a report from our National Director, Tim Bisch, on the events last weekend at Fort Hood honoring the Outlaws, B Troop, 1/158 Aviation Regiment in a change of command ceremony. When some accompanying pictures arrive, the narrative will be posted to the Then & Now page.

The Quartermaster, Al Iller, is working on the procurement side of making some VLOA merchandise available. The pins, belt buckles and decals will allow Outlaws to identify themselves on their vehicles and where ball caps and polo shirts may be inappropriate attire. We will give you all the details as soon as Al is ready to start taking orders.
